**Representation by Committee**

The Committee acknowledge their responsibility for the future financial information. The future financial information included in this document has been prepared on a basis consistent with the audited annual financial statements of                      Football Club for the year ended **31 December 2021**.

The Committee confirm that the budgeted profit and loss account and cash flow statement have been prepared in accordance with the assumptions outlined in this document and after due and careful consideration.

In respect of the future financial information, the Committee confirm that they are not aware of any relevant factor which has not been taken into account therein and that, in their opinion, the assumptions are not unreasonable.

The Committee believe the budgeted profit and loss result and cash flow are achievable, although their achievement may be favourably or unfavourably affected by unforeseeable and uncontrollable events.

The Committee are not aware of any material unrecognised contingencies which should be taken into account or disclosed in the future financial information.

## NOTES TO THE FINANCIAL STATEMENTS

### 1. **ASSUMPTIONS** *(on which future financial information is based)*

**CLUBS NEED TO PROPERLY IDENTIFY THE ASSUMPTIONS ON WHICH THE INFORMATION IN THE PROFIT AND LOSS ACCOUNT AND CASH FLOWS ARE BASED, INCLUDING HOW REVENUE IS DERIVED AS WELL AS THE MAJOR COST DRIVERS.**

### 2. **ACCOUNTING POLICIES**

The principal accounting policies adopted in the preparation of this future financial information are set out below:

#### **Accounting convention and basis of preparation**

The future financial information is prepared under the historical cost convention, as modified by the revaluation of the following assets: -

This future financial information is prepared in accordance with the provisions of licensing Regulations for Premier Division Member Clubs which requires adherence to the Companies Act, 2295 enacted in Malta, which in turn requires adherence to International Financial Reporting Standards.

#### **Revenue recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the club and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

*Gate receipts are recognised over the period of the season.*

*Marketing, sponsorship and advertising are recognised over the duration of the respective contracts.*

*Broadcasting rights are taken in proportion to the number of matches played.*

*Merchandising and catering are recognised on an earned basis.*

*Football related rental income is recognised over the duration of the contract.*

*Donations and other third-party contributions are recognised on a cost basis.*

*Interest income is recognised as the interest accrues, unless collectibility is in doubt.*

## NOTES TO THE FINANCIAL STATEMENTS

### 2. ACCOUNTING POLICIES – continued

#### Foreign currencies

Transactions in foreign currencies have been converted into Euro at the rates of exchange ruling on the date of the transaction. Assets and liabilities denominated in foreign currencies have been translated into Euro at the rates of exchange ruling at the balance sheet date. All resulting differences are taken to the profit and loss account.

#### Intangible assets

##### *Player registration costs*

Player registration costs are recognised as an asset to the extent that it is expected that such players will be utilised throughout their contract period.

Player registration costs are amortised on a straight-line basis over the period of their contract.

At each balance sheet date, the club assesses whether there is any indication of impairment. If any such indication exists, the recoverable amount is estimated, impairment is passed through the profit and loss.

Internally generated intangible assets are held at nil value. Any external costs incurred in extensions to player's original contract are capitalised and amortised over the period of the extended contract.

Gains and losses on sale of players are determined by reference to their carrying amount and are taken into account in determining the profit on ordinary activities.

##### *Other intangibles*

#### Tangible fixed assets

Tangible fixed assets other than investment property are stated at cost less depreciation and impairment.

Gains and losses on disposal of tangible fixed assets are determined by reference to their carrying amount and are taken into account in determining the surplus on ordinary activities.

Depreciation is calculated on the straight line method to write off the cost of each asset to its residual value over its estimated useful life. The annual rates used for this purpose, which are applied proportionately in the year of acquisition and in the year of disposal are:

	%
Motor vehicles	00 to 00
Office equipment and furnishings	00 & 00
Building equipment and services	00 & 00
Company buildings and improvements	00 & 00
Plant and machinery (including machine tools)	00 & 00
IT equipment and software	00 & 00

## NOTES TO THE FINANCIAL STATEMENTS

### 2. ACCOUNTING POLICIES – continued

#### **Investments**

Investments are stated at cost less any write-off for long term diminution in value.

#### **Stocks**

Stocks are stated at the lower of cost and net realisable value. Cost is determined by the first-in first-out method.

#### **Debtors**

Debtors are recognised and carried at original amount less an allowance for any uncollectible amounts. An estimate for doubtful debts is made when collection of the full amount is no longer probable. Bad debts are written-off as incurred.

Amounts owed by related parties are recognised and carried at cost.

#### **Cash and cash equivalents**

Cash in hand and at banks and short-term deposits which are held to maturity are carried at cost.

Cash and cash equivalents are defined as cash in hand, demand deposits and short-term, highly liquid investments readily convertible to known amounts of cash and subject to insignificant risk of changes in value.

For the purposes of the Cash Flow Statement, cash and cash equivalents consist of cash in hand and deposits at banks, net of outstanding bank overdrafts.

#### **Borrowings**

All loans and borrowings are initially recognised at cost, being the fair value of the consideration received and including acquisition charges associated with the borrowing/loan.

Borrowing costs are recognised as an expense in the period in which they are incurred.

#### **Trade and other creditors**

Liabilities for trade and other amounts payable are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether billed to the club. Amounts owed to related parties are carried at cost.
